Friday - 8 December 1978

6. [REDACTED] LIAISON Received a call from Earl Eisenhower, Senate Select Committee on Intelligence staff, who asked whether new Committee Minority Counsel Dennis Sharon could receive security briefings next week. I said we would do our best to complete the paperwork in time and I would let him know. Eisenhower also asked for a meeting with [REDACTED] SA/DCI/CI, regarding counterintelligence. Eisenhower indicated he has a "shopping list" of follow up items from [REDACTED] briefing of the Committee last summer.
